

LANNETT COMPANY INCORPORATED

Renovations and Fit-out

Philadelphia, Pennsylvania

SGA performed code analysis consulting services and provided all drawing documentation required to expedite the building permit approval process for Lannett Company, a leading manufacturer of generic pharmaceuticals headquartered in Philadelphia. Currently, SGA is providing architectural and interior design services for Lannett's Townsend Road facility in Philadelphia. The project encompasses 15,000 SF and includes interior renovations and fit-out.

Estimated completion to be determined
