

ORLEANS PARISH COMMUNICATION DISTRICT

New 9-1-1/EOC Facility

New Orleans, Louisiana

SGA provided design services for the new 9-1-1 and Emergency Operations Facility for Orleans Parish, Louisiana. The fully hardened and secured facility encompasses 20,000 SF and supports the needs of the emergency communications agencies.

SGA also provided design for temporary and interim facilities for the 9-1-1 agencies whose existing facilities were rendered unusable in 2005 by Hurricane Katrina.

Estimated completion December 2010
