

CONFERENCE AND OFFICE TOWER

Proposed New Design

Allentown, Pennsylvania

The proposed facility was to be developed as a full conference center sitting adjacent to a hotel owned by the same client. The intent was to provide a destination facility to bring further economic vibrancy to Allentown. Ultimately, the City was not able to generate additional funds to assist the developer.

Construction not pursued due to lack of funding

The project shown above represents an L. Robert Kimball & Associates project completed by principals of SGA.
