

NEW JERSEY STATE POLICE

New Troop C Headquarters, 9-1-1 Center and State Forensic Laboratory

Hamilton Township, New Jersey

This centrally located facility forms a campus to serve multiple needs of the entire State Police Force by providing 68,000 SF for State Police Headquarters, 38,000 SF for the 9-1-1 communications facility and 195,000 SF for forensic laboratory space. Specific design requirements dictating that the structures can be only one story and must be constructed from pre-engineered units present significant aesthetic challenges, but a creative approach results in a look that is not only interesting but that also successfully links the series of functions as a congruous campus.

Construction complete 2003

The project shown above represents an L. Robert Kimball & Associates project completed by principals of SGA. Photography by Jim Schafer Location Photography, Pittsburgh, PA.
