

TWIN VALLEY SCHOOL DISTRICT

Twin Valley High School — Additions and Renovations

Elverson, Pennsylvania

This project includes a 2,500 SF addition to the existing High School, alterations to 14,000 SF of existing science labs and the construction of a new 14,000 SF Physical Education and Fitness Facility. Faced with tight site constraints, the new athletic facility is sited adjacent to and looks out over the School's football field and track. The ground floor of the new building provides locker room facilities and office space while the upper floor contains fitness equipment for use by the physical education department.

Estimated completion December 2006
